He was living with a family member in another county. We helped her with her high heat bill and gave her some of the products we have here in the office. Later, when we called a family member to find out more, we found out that the lightweight jacket she had on and the one pair of shoes she was wearing was all she had. Food stamps help her with groceries, but she has no way to go get them. Through donations received from the Mission of Hope we have been able to pull together clothes, shoes, and other items she can use. Contacts are being made in the county to provide help for this very deserving individual who needs a hand up.</p>

Work together to stamp out drugs. That is the message of the STAND program held January 26th at the OHS Cafeteria. Lori Phillips-Jones hosted a meeting for about 50 people to learn more about the STAND program and how community involvement is essential to effect change. National Speaker Rhonda Ramsey-Molina spoke about identifying the community issues related to drug abuse and working together to address those issues. Parents, community leaders, concerned citizens and school officials were in attendance and look for community support to take the next step towards ridding our community of this plague. If you would like to join the coalition, you may email STAND at stand@highland.net or call (423) 286-9925.</p>

It was in March that OST opened up in a new location – the former H.T. Hackney building at 200 Jellico St. in Oneida. What a blessing that has been. It has everything the OST operation needs to be a full fledged giving operation. We give thanks for the use of the building—and to the people who frequent it. Bob Smith is manager.</p>

You may register, volunteer a day, and receive a free ticket to DisneyWorld good through 12-15-10. You can check this out at: http://www.handsonnetwork.org/disney. While ALQI has been approved, I am still in the process of setting up work dates, so it will be awhile before you can sign up through us. Everything is to be handled via computers. We hope to see you at one of our volunteer sites.</p> <p>--Thanks to the help of Lilly Stein, volunteer, we are working on a website where area providers may log in with a password and record donations given out. If your church or organization would like to be a part of this, please call Terrie 569-2677. Thanks!</p>
