--The Free Carnival at the Oneida City Park was a huge success with free hot dogs, snow cones, pop corn and much more. Thank you to Ken and Betty Holland, First Baptist Concord, who spearhead the planning each year. One of the pictures below is Emmette Thompson and the clowns with my two grandsons on either side. Just one big happy family picture!
 --Thank you again Mission of Hope – for loaning us the pallet jacks and trucks to enable the middle school students from First Baptist Church Concord to unload the 2 truck loads of food you provided to the Food Bank and some of the church food pantries in Scott County. These students worked at projects at Landmark Christian School, New Salem Baptist Church, Winfield Baptist, and ALQI doing fix-up and landscaping. They did a tremendous amount of cleaning, separating food, loading products, etc. at Operation Sharing TN. They helped by separating and boxing things such as paintbrushes, greeting cards, hosiery, and books to be given away in the weeks to come. The kids were an inspiration!

--We have been very fortunate to recently receive donated dormitory furniture from the University of Indiana. Churches and schools have been using them for storage in their classrooms. We also received desks, dressers, file cabinets, etc. *The Gatorade has finally all been distributed.* If you haven't signed up and live in one of the Appalachian Mtn. counties, please call Kathy West at the number at left.--To date OS-TN has received over \$2.5 million in products to be donated to our members. They in turn must give everything away freely with no charges. What a true blessing this is to the people here in these beautiful mountains.
